### **COZY CLEARVIEW DOORS OFFER OPTIMUM VISIBILITY**

The Cozy Clearview Door by Custom Products, Litchfield, MN, will be on display in the new products section at the GIE+Expo tradeshow October 29 through October 31 this year.

Featuring the latest in cab door design for utility vehicles, garden and compact utility tractors where visibility and weight are key factors, the Cozy Clearview Door is a new concept that greatly expands the viewing area of the operator by using a completely new approach in the design of the door frame. The Cozy Clearview Door also features a unique operable window for enhanced ventilation. Manufactured of shatter-proof acrylic material the Cozy Clearview Door is light weight, tough and yet cost effective.

Since 1962, Custom Products of Litchfield, Inc. has served off-highway OEMs and equipment dealers by designing and manufacturing the best looking, fitting and functioning cabs and operator protective structures. For more information call Custom Products at 1-800-CAB-LINE (800-222-5463) or go to [800cabline.com](http://800cabline.com) for more information.
